HOME

The integrated access ramp has a design load meeting ADA guidelines, an anti-slip surface, and stores under the floor of the vehicle so you do not lose any interior space.

36" by 56" doorway featuring a low step-in that allows easy entry for all passengers.

Meets or exceeds the guidelines of the Americans with Disabilities Act (ADA).

The MV-1 is certified to Federal Motor Vehicle Safety Standards (FMVSS) to meet all applicable safety and crash requirements.

The limo has a lower floor than standard vehicles to help ensure that customers can enter the vehicle with sufficient headroom easily and comfortably.

Passengers in wheelchairs or scooters can easily enter, and turn effortlessly so they may sit next to the driver.

8 Passengers, Two Tone Ostrich Skin Leather Interior, Lighted Bar, Lighted Ceiling with Fiber Optics, Multiple Ice and Champagne Coolers, Three 7 Inch LCD Monitors, Turbo Heating and Air Conditioning, Lighted Drop Down Vanity Mirrors, Fiber Optic Lighting Throughout with Different Colors, AM/FM Stereo with CD/DVD Player with Surround Sound and iPod and MP3 Player Connectivity.

This vehicle is Atlanta's first CNG (compressed natural gas) limo vehicle - It's a cleaner alternative to other fossil fuels!
